Christian Denominations and Multi-Faith Venues in Norwich

How do Christians pray and worship and are all places of worship the same?

This is a question that comes up many times when exploring Christianity at all key stages.

You can book a visit to one place of worship from another faith/denomination for half a day and then a visit to the Cathedral for the other half.

Many schools work with us at the Cathedral to explore this, including: layout of places of worship and how furnishings, clothing, sacred texts and artefacts are used to help people of faith pray.

We also explore various practices and observances across different faiths and denominations.

- We will help you plan a programmes for your visit to & book the visits to other sacred spaces.
- Please book all visits to the Cathedral in advance, directly with us.
